CAREER OBJECTIVE

Aspiring BS Computer Science graduate with a passion for web development and innovative software solutions. Eager to leverage coding skills and problem-solving abilities on dynamic projects while seeking opportunities for professional growth and meaningful impact in the tech industry.

PRE-PROFESSIONAL EXPERIENCE

**April 2024 - May 2024 AT UIP Inc. | IQuezon City(Remote)
Front End Web Developer Intern - IT Department**

At UIP Inc., I designed and coded projects using Tailwind CSS to create responsive web interfaces. Collaborating with fellow interns enhanced my front-end skills and adaptability, building a strong foundation in both technical and teamwork abilities.

Thesis: "Online Enrollment With LMS"

In our thesis project, I primarily focused on front-end development, converting UI designs into responsive, user-friendly code for a seamless experience. On the back-end, I implemented login history functionality and worked with SQL to manage and query data effectively.

PERSONAL SKILLS

Problem Solving
Communication
Time management
Adaptability
Willing to learn
